

CLINTRIAL REFER | INCREASES RECRUITMENT

TIMELINE OF SUCCESSFUL RECRUITMENT

A TEMPLATE FOR ANY TRIAL PORTFOLIO – KNOWLEDGE IN YOUR POCKET

Our original aim:

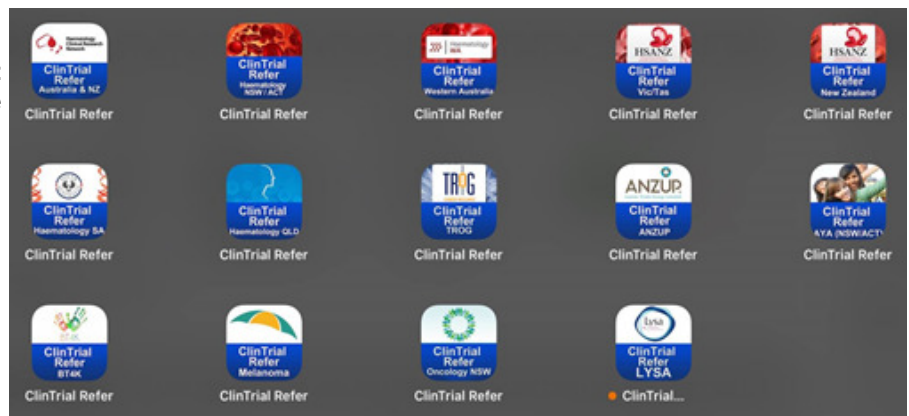

Develop a smartphone App that is:
free, simple & effective—to increase
trial referral

1° endpoint

- Rate of cross-referral.

2° endpoints

- Rates of trial enrolment
- App usage metrics

Using an iPhone or iPad?

Download the *free ClinTrial Refer* app from the App Store.

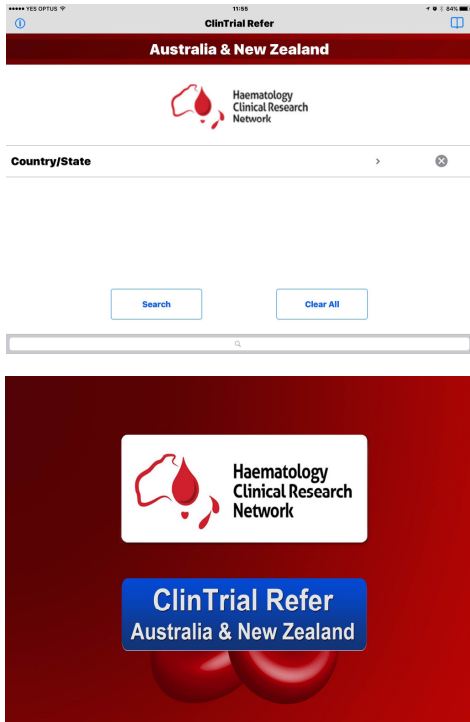

Using an Android phone?

Download the *free ClinTrial Refer* app from Google Play

NEWSFLASH.....ADDING VALUE

HAEMATOLOGY CLINTRIAL REFER APPS COVER ALL OF AUSTRALIA AND NEW ZEALAND

In October 2015 ClinTrial Refer Haematology Australia and New Zealand was launched in the App stores.

This app takes all of the individual state apps, and presents all trials as an Australasian Haematology app.

This is a **world-first** achievement—all current and comprehensive haematology trials for the Australasian region can be accessed easily from your smart-phone.

NEWSFLASH.....

MELANOMA INSTITUTE AUSTRALIA—MARIA GONZALEZ- HAS A CLINTRIAL REFER ABSTRACT ACCEPTED AT 2016 ASCO ANNUAL MEETING

Abstract Title: An app to increase cross-referral and recruitment to melanoma clinical trials

ClinTrial Refer Melanoma has been essential to ensure my colleagues have up to date information regarding the clinical trials we have open for patients with melanoma. It is easy to use, and contains all the essential information and links required to quickly review clinical trial options for patients.

Kind regards,
Georgina

GEORGINA LONG | Professor of Melanoma Medical Oncology and Translational Research

MELANOMA INSTITUTE AUSTRALIA, THE UNIVERSITY OF SYDNEY, and ROYAL NORTH SHORE HOSPITAL

NEWSFLASH.....ADDING VALUE

CLINTRIAL WEBSITE TO GO LIVE SHORTLY

Using the existing Data in all of the ClinTrial Refer Data-bases, searchable listing of trials will be delivered on an easy to use website.

Just select your app and search as usual.

Coming Soon...

NEWSFLASH.....

LYMPHOMA AUSTRALIA - A GRANT TO FUND THE DEVELOPMENT OF THE CLINTRIAL REFER WEBSITE.

Lymphoma Australia feel very proud that we have been able to fund the ClinTrial Refer website. This platform will give lymphoma patients the opportunity to look for clinical trials relevant to their lymphoma subtype. Hopefully this knowledge will give patients and their families more options about possible treatments and ultimately lead to better outcomes.

Thanks heaps
Sharon

CLINTRIAL REFER ONCOLOGY NSW AND CLINTRIAL REFER ONCOLOGY QLD ARE LIVE..

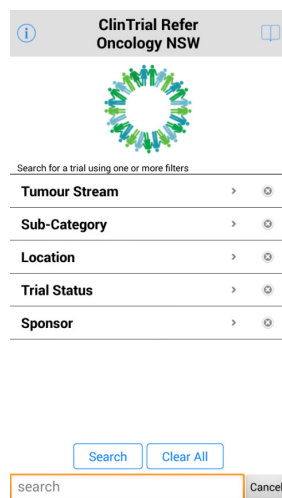

WHAT THE NETWORKS THINK.....

Naomi Knoblauch
Clinical Trials Data Manager
Medical Oncology

Calvary Mater Newcastle
Corner of Edith & Platt Streets
Waratah NSW 2298

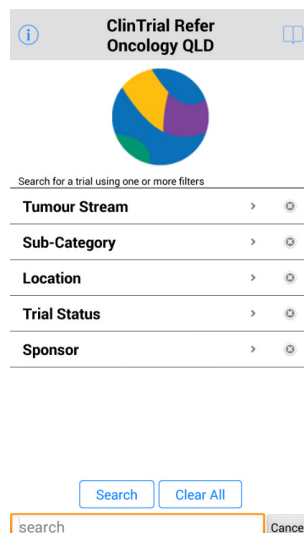

"Generally speaking, my experience with the App has been relatively stress-free. I am responsible for adding/editing the sites and studies included in the ClinTrial Refer Oncology NSW version, and although it took some time initially to input information, it was not difficult and the process is fairly intuitive. The data input becomes easier and less time-consuming with new sites as many of the studies are already included, and the monthly updates take only a small amount of time as most sites do not have large numbers of changes."

Congratulations to:

Dr James Lynam and Naomi Knoblauch from Calvary Mater Newcastle for championing their ClinTrial Refer ONCOLOGY NSW app.

Download for free.

Congratulations to:

Dr Vladimir Andelkovic and Queensland Trial Site Managers for championing their ClinTrial Refer ONCOLOGY QLD app.

Download for free.

ClinTrial Refer is a template for any Clinical Trial Portfolio. For information on this project, or how to license your own app contact :
