Using an iPhone or iPad?

Download the free ClinTrial Refer app from the App Store.

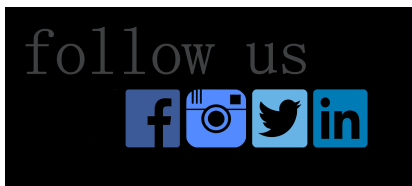

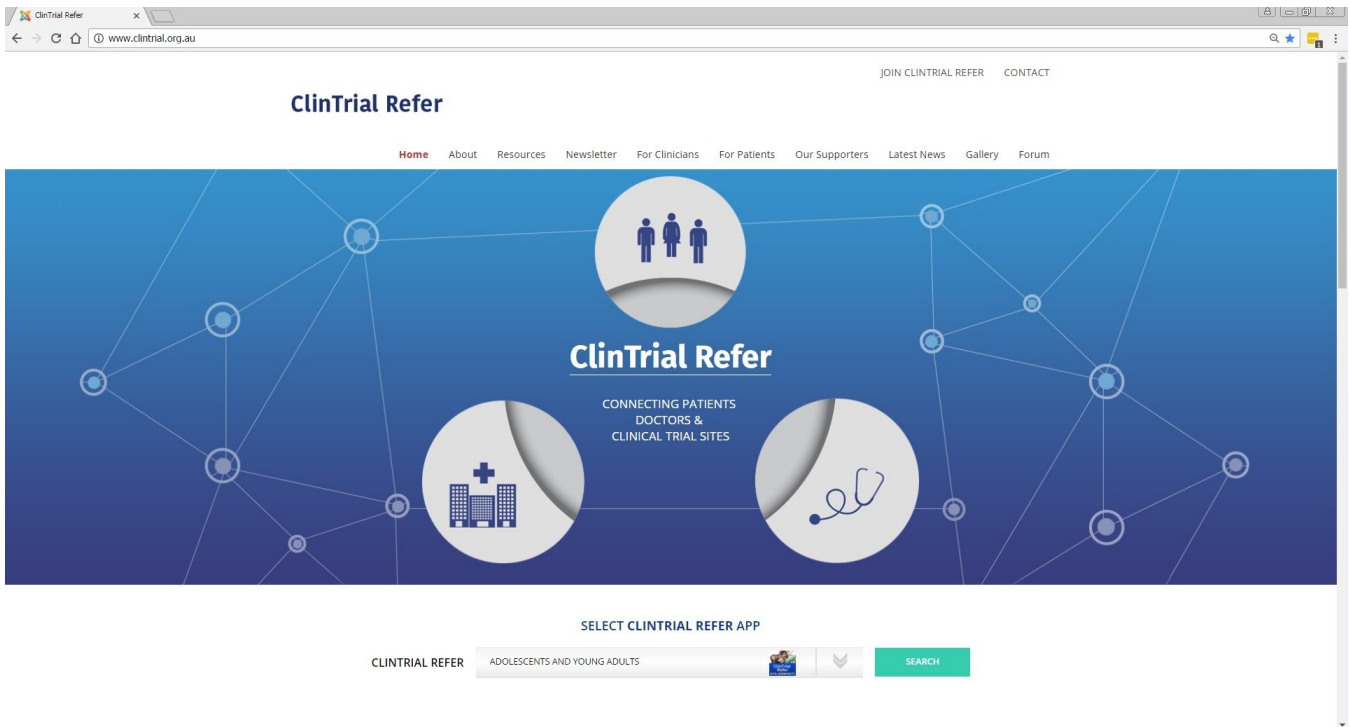

Using an Android phone?

Download the free ClinTrial Refer app from Google Play

NEWSFLASH.....

CLINTRIAL REFER WEB AND SOCIAL MEDIA LAUNCH

The ClinTrial Refer website and social media outlets was officially launched on 27th Sep 2016. You can now search through all existing apps for trials on our website at www.clintrial.org.au.

All social media links available on the website, come follow us and give us a like!

NEWSFLASH.....

CLINTRIAL REFER PROJECT MANAGER

Rolland Suen has been appointed as the ClinTrial Refer Project Manager.

Funds for this position have been generously provided by the SESLHD and SLHD. His appointment will continue the work of the ClinTrial Refer platform- increasing recruitment to clinical research trials by collaboration.

Thanks to Melinda Gibson for her support to the platform for the past 2 years. I'm sure everyone has benefitted from her diligent support to the HCRN.

NEWSFLASH.....

INNOVATION IN CANCER CLINICAL TRIALS AWARDS

Congratulations to Mark Lacey and the Central Coast Local Health District for winning the Innovation in Cancer Clinical Trials Award.

In 2015, Central Coast Local Health District (LHD) had a three fold increase in the recruitment of cancer patients to interventional cancer clinical trials.

They increased the ratio of new trial participants to cancer incident cases, a reflection of improved clinical trials service provision for cancer patients located in Central Coast LHD.

Central Coast LHD have opened a new trial unit and have commenced recruitment to radiation Oncology clinical trials, in addition to their existing Haematology and medical Oncology clinical trial units.

WHAT THE NETWORKS THINK.....

"ClinTrial Refer Oncology NSW provides convenient clinical trial information at the fingertips of doctors and research staff in our busy oncology research unit. The app facilitates a discussion of treatment options that includes clinical trials at point of consultation with patients. It has enabled increased cross referrals of patients resulting in faster accrual to meet recruitment targets. I recommend ClinTrial Refer Oncology NSW as a great tool clinical research. "

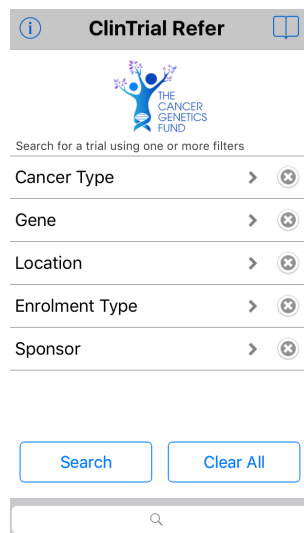

Peter Fink, *Clinical Trials Unit Manager*

Congratulations to:

Dr Pascal Deschaseaux and Florence Broussais from LYSARC for championing their ClinTrial Refer HAEMATOLOGY FRANCE app.

Download for free.

Congratulations to:

Dr Hilda High for championing their ClinTrial Refer CANCER GENETICS app.

Download for free.
